

TRILLIUM CNGTM
Making CNG Work for You

HIGH VOLUME CNG FOR HEAVY DUTY TRUCKING

Customer-Focused CNG Solutions

TRILLIUM - YOUR SINGLE SOURCE CNG SUPPLIER

Comprehensive CNG Fueling Solutions

- Fast-Fill, Time Fill, Public, Private and Semi-Public Access
- Full suite of commodity instruments – fixed pricing, cost collars, forward hedge instruments, etc.

Compression Equipment

- High capacity refueling products, manufactured in the USA
- Temporary and Portable CNG stations

Compressed Gas Services

- CNG station design, construction, operations & maintenance
- Transaction management services
- NFPA and local Fire Code facility upgrades

Capital Financing & Equipment Leasing

- Financing – CNG Stations and Vehicle Conversions
- CNG Station Leasing

- Core Services
- Value Added Services

SOME OF OUR CUSTOMERS

Trillium provides all our customers with an exceptional CNG refueling experience

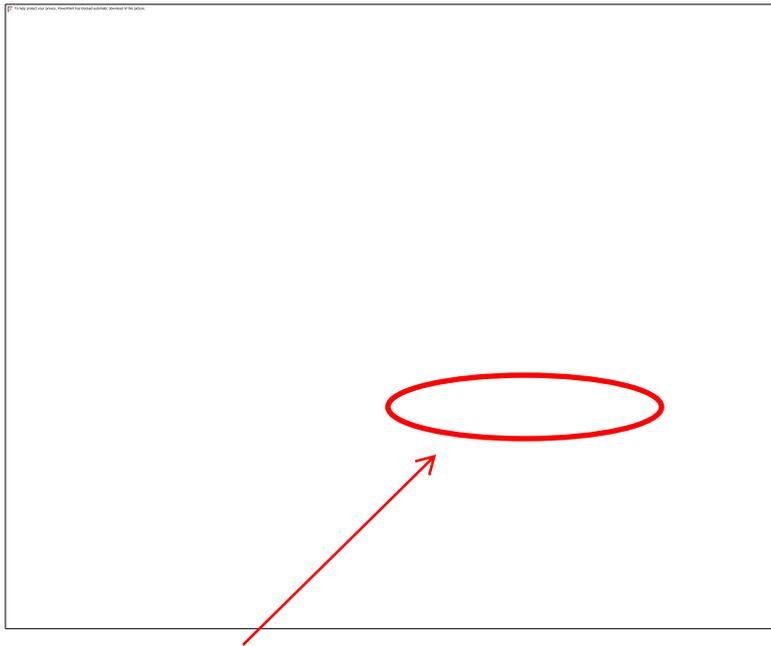

CNG – THE FACTS ON HEAVY DUTY FUELING

Parameter	CNG
Retail Price	<ul style="list-style-type: none"> • ~ \$2.00/gge – Trillium CNG average retail price - 5/13 • Low price volatility of natural gas, a century of supply
Product Supply Chain	<ul style="list-style-type: none"> • Not tied to a manufacturing facility or on-road logistics • Multiple suppliers ensures competition
Fueling Speed	<ul style="list-style-type: none"> • 10, 20+ DGE/minute • Stations are expandable to accommodate
Energy Efficiency	<ul style="list-style-type: none"> • Low horsepower HY-C delivery – 80 HP
Range	<ul style="list-style-type: none"> • Several CNG storage configurations • 155 DGE tank pack will conservatively go 600 - 650 miles
CNG Engine Products	<ul style="list-style-type: none"> • 9L and 12L available, 15L in development
Product Safety	<ul style="list-style-type: none"> • No PPE required for refueling
Environmental Spills & Evaporation	<ul style="list-style-type: none"> • No spill or storage containment issues • No evaporative GHG concerns

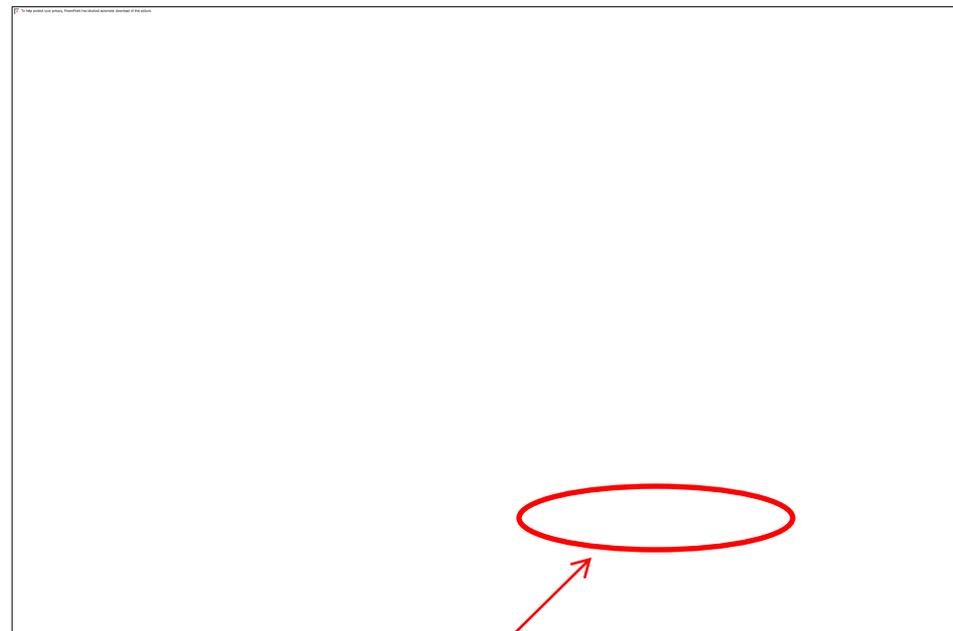

CNG – LESS FUEL VOLATILITY

Diesel (April 2013)
Retail Price: \$3.58/gallon

*Diesel Price Volatility more directly
correlated to cost of Crude Oil...*

Natural Gas (April 2013)
Retail Price: \$2.10/gallon

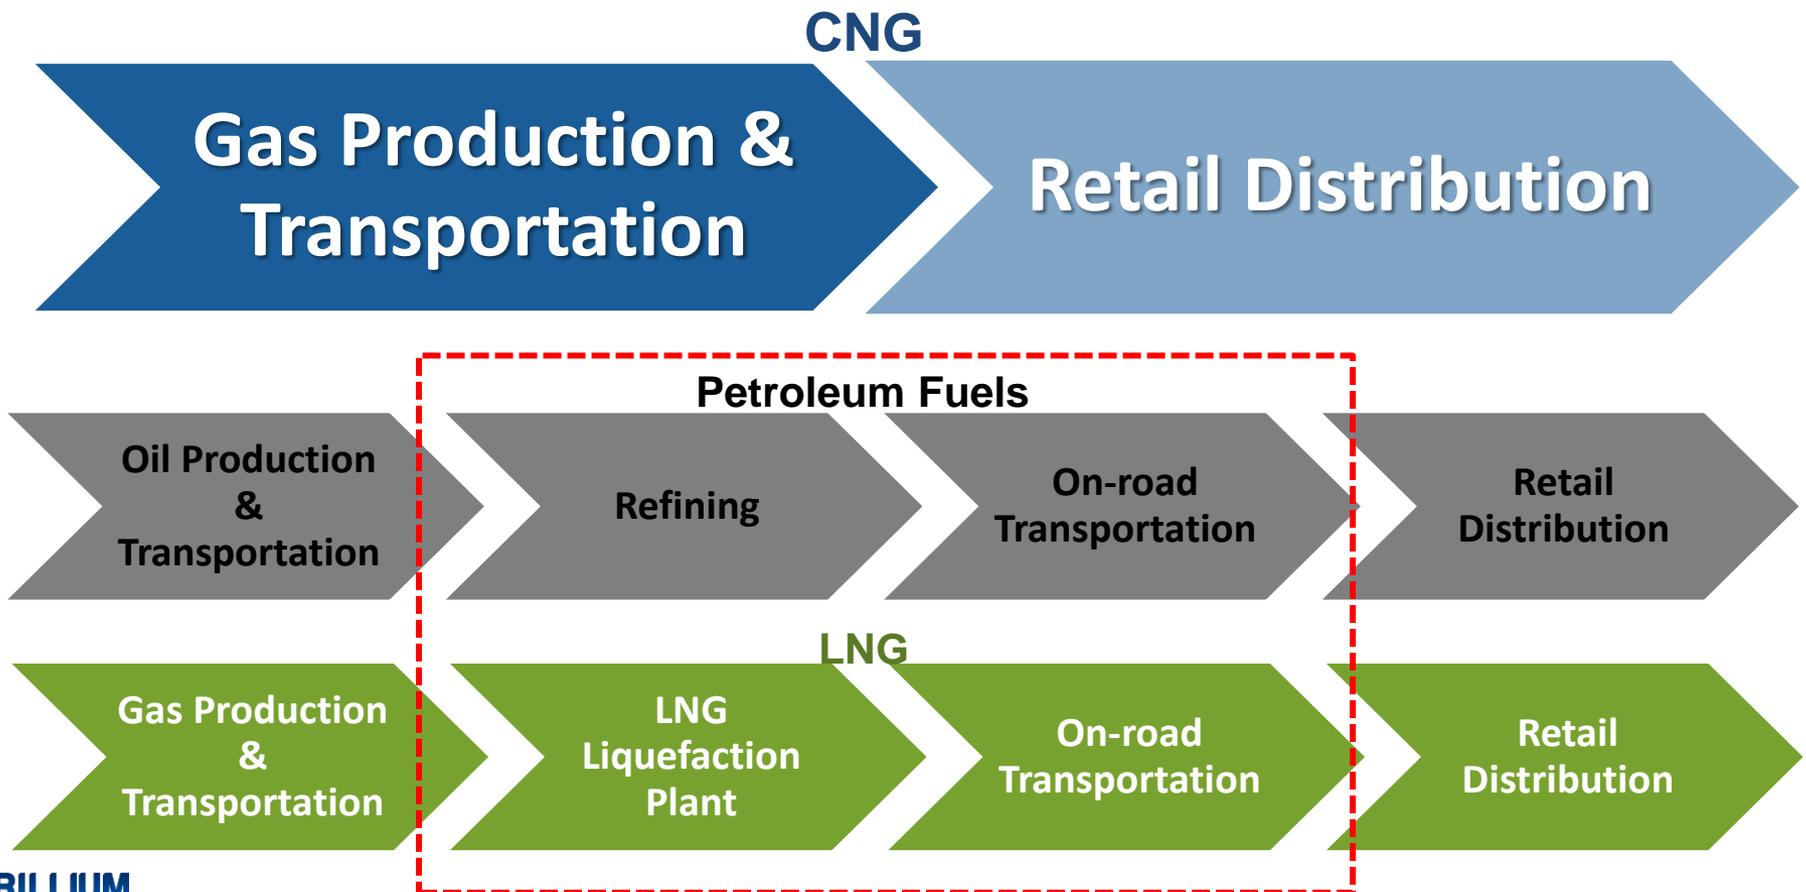

*CNG Price Volatility not as directly
affected by market cost of Natural Gas...*

CNG – THE FACTS ON HEAVY DUTY REFUELING

Parameter	CNG
Retail Price	<ul style="list-style-type: none"> • ~ \$2.00/gge – Trillium CNG average retail price - 5/13 • Low price volatility of natural gas, a century of supply
Product Supply Chain	<ul style="list-style-type: none"> • Not tied to a manufacturing facility or on-road logistics • Multiple suppliers ensures competition
Fueling Speed	<ul style="list-style-type: none"> • 10, 20+ DGE/minute • Stations are expandable to accommodate
Energy Efficiency	<ul style="list-style-type: none"> • Low horsepower HY-C delivery – 80 HP

TRILLIUM FAST FILL CNG TECHNOLOGY

- Unique approach to CNG refueling
- Patented two-stage hydraulic-drive compressor
- Delivers 12 gge/min per unit, multiple units can be placed in parallel
- Low HP gas delivery – 80 HP
- Operates over a broad range of gas inlet pressures
- Uses about 90% of gas in storage compared to about 30% for conventional CNG systems
- Proven track record of durability and reliability – 19 years of CNG operations

HY-C Compressor

SAFETY AND ENVIRONMENTAL

- CNG is non-toxic
- CNG requires no PPE
- CNG does not require spill containment
- CNG has no evaporative issues

LNG Personnel Protective Equipment (PPE)

SUMMARY - CNG FOR HEAVY DUTY REFUELING

CNG is a smart choice for HD Fleets

- A cost effective fuel with low price volatility
- Offers competitive supply options free of proprietary manufacturing and on-road logistics
- Efficient fast fueling with HY-C technology
- Extended range options >> 500 miles
- HD engine products available today, and more coming soon
- Safe, environmentally friendly, easy to use
