Solutions for Natural Gas Vehicles & Private Fueling

Nat G®
CNG Solutions

Houston • San Antonio • Shreveport

Nat G® has become a leading player in Texas and Louisiana

Mission: make it easy, affordable and attractive for America's fleets to switch to natural gas

Nat G® offers unique and differentiated *turn-key* vehicle *and* fueling solutions…

- **Turnkey Vehicle Solutions** – 200+ models of new *and* in-service vehicles across all classes of vehicles
- **Turnkey Fueling Solutions** – design, permitting and construction of small and large fuel stations
- **Branded Fueling Products** – Innovative Nat G® branded skid-mounted CNG fueling system packages
- **Integrated Financing** – Zero down leases on vehicles and fueling solutions
- **Maintenance and Service** – NGV servicing and maintenance

The Nat G® Advantage

- Low costs
- Superior, local service
- Customized and creative approaches
- Ability to take "single point of accountability" for NGV programs

Nat G offers wide array of new and in-service CNG vehicles

Bi-Fuel

Dedicated

Dual Fuel

For new vehicles, OEM “factory-direct” is mostly a myth

Nearly all systems manufactured / installed by 3rd parties*

CNG Manufacturer
Westport/Impco/Venchurs

- OEM
- Westport / Impco (KY, IN)
- Dealer
- Customer

Single system choice

CNG Manufacturer
Altech/LandiRenzo/AGA/
NatGasCar/Motori/etc.

- OEM
- Dealer
- Nat G®
- Customer

Choice of multiple systems

- Superior, local service
- Customization
- Choice
- Complete Solutions
- Better all-in Cost

** Two exceptions to this are the Honda Civic GX and the Dodge Ram 2500*

Nat G also offers wide array of CNG fueling solutions to “bring the fuel home” to fleets

SE 200 for small fleets

Large-scale stations like the Nat G 4500 and beyond

Nat G 500/1000/2000 “stations on a skid
